We are unable to accept any insurance policy that is in its contestable period. A contestable period usually is two years from the date the policy goes into force. We are unable to accept any insurance policy that is deemed non-assignable by the company underwriting the policy.

In most areas of the country, state or local law does not require that you purchase a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
